

Creative Professional

from **X**XYRON

2 in 1

The Xyron Pro1255 Dual Purpose A3/A4 System.

The fastest growing cold lamination & adhesive application system in the world.

This dual purpose machine is perfect for applying adhesive to all kinds of studio work or edge to edge film lamination to valuable artworks. And it completes these tasks without using any electricity.

This cold application system is simple and safe to use, you just feed in an item, turn the handle and trim. There is no odour, no mess and best of all no waiting for the machine to warm up.

The patented roll-set system allows you to easily switch cartridges between applications, making the Xyron Pro1255 a highly versatile machine. The advanced adhesive formula, coupled with high-pressure rollers, gives outstanding transfer and bonding qualities.

Innovate. Inspire. Create.

Advanced technology rollers fitted to the Xyron Pro1255 ensure that pressure is evenly applied to every piece of artwork, guaranteeing a top quality finish every time. The machine comfortably accepts an A3 (297mm) width original.

Creative Professional from XXYRON

- Clean, simple, easy to use.
- For client presentation, mock ups and POP material.
- Choose from permanent or re-positional adhesives.
- Lamination top side, adhesive back (re-positional or permanent)

There are six application cartridges for you to choose from and the patented drop-in cartridge system allows you to effortlessly switch cartridges between applications.

Xyron Pro1255 Specifications

Product Code: 23651
 Footprint: 38 cm L x 48.8 cm W x 45.5 cm
 Document Width (Max): 29.8 cm
 Weight: Approximately 8.6 kg
 Document Length (Max): 30.5 m
 Packaged Weight: Approx 9 kg
 Power Source: None
 Document Thickness (Max): 3.2 mm
 Cutter: Removable, replaceable cutter

AT1256-100 Re-positional Mounting Adhesive: Allows you to re-position your item and allows for the easy removal from most paper surfaces* and mounting boards.
